PROFESSIONAL SUMMARY

Motivated Computer Science graduate with strong skills in Python, SQL, data structures, and web development. Experienced in building full-stack applications and machine learning projects. Passionate about software engineering, problem-solving, and creating scalable solutions.

EDUCATION

Bachelor of Science in Computer Science

University of Hamburg

2022 – 2026

Relevant Coursework:

- * Data Structures and Algorithms
- * Database Systems
- * Software Engineering
- * Artificial Intelligence
- * Computer Networks

TECHNICAL SKILLS

Programming Languages:

- * Python
- * Java
- * JavaScript
- * SQL

Frameworks & Tools:

- * Flask
- * Git
- * GitHub
- * PostgreSQL
- * Docker

Cloud & Platforms:

- * AWS (Basic Knowledge)

PROJECTS

AI Resume Analyzer

- * Built a Python application that extracts text from PDF resumes.
- * Integrated AI-powered resume analysis and ATS scoring.
- * Compared resumes against job descriptions and generated recommendations.

Task Management Web Application

- * Developed a full-stack task management system using Flask and PostgreSQL.
- * Implemented user authentication and CRUD functionality.
- * Improved database query performance through indexing.

Movie Recommendation System

- * Created a recommendation engine using Python and machine learning.
- * Processed and analyzed movie rating datasets.
- * Generated personalized recommendations using similarity algorithms.

EXPERIENCE

Software Development Intern
TechSolutions GmbH
June 2025 – September 2025

- * Assisted in developing internal web applications.
- * Wrote SQL queries for reporting and analytics.
- * Participated in code reviews and agile development processes.
- * Fixed software defects and improved application performance.

CERTIFICATIONS

- * AWS Cloud Practitioner Essentials
- * Google Data Analytics Certificate

ACHIEVEMENTS

- * Dean's List (2024, 2025)
- * Top 10 Finalist, University Hackathon 2025
